DAHLIAS

REVISED 1938 WHOLESALE TRADE LIST

This List cancels all previous Price Lists
and Advertisements

NOTE—We sell field grown tubers only, no plants or pot roots offered for sale. We ship only selected A No. 1 divisions showing eyes or sprouts, and guaranteed to be absolutely true to name... We don't substitute, and if sold out on a variety offered cheerfully refund remittance.

We give no guarantee, express or implied, as to crop growth or productiveness. The varying conditions responsible for outcome over which we have no control, bars our assuming responsibility for crop results of any plantings other than our very own.

Our stock is grown right to produce only healthy, firm tubers. Fields are sprayed regularly and carefully rogued. All plants showing signs of weakness or disease are immediately destroyed.

This farm is under the supervision of men who have life experience in growing Dahlias and in selecting and packing Dahlia tubers right to satisfy the most critical customers. Considering the high quality and healthy stock offered, our prices are very reasonable. Purchase elsewhere and compare our stock. Try it and be convinced. We annually receive hundreds of testimonial letters from satisfied customers of the florists' trade, seed houses and commercial Dahlia growers.

TERMS—Cash with order is requested, 25% deposit to reserve or on C.O.D. orders. Money orders must be payable at Cold Spring Harbor, L. I., N. Y.

All orders shipped by Express unless otherwise requested.
For Parcel Post shipment postage must be included.

On all shipments extra counts are added to help defray transportation charges.

No orders accepted for less than \$5.00.

Prices quoted in this list are for selected A No. 1 divisions.

Important — 6 of a variety at doz. rate; 25 of a variety at 100 rate; for larger quantities write for quotations.

Locust Valley Dahlia Farm

WM. A. FINGER, Jr., Manager

COLD SPRING HARBOR, L. I., N. Y.

The Florist's, Gardener's and Dahlia lover's favorite list
of reliable and dependable free blooming varieties.
